PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Dachnoye Army Barracks AL-2 (Korsakov Army Barracks Solovyevka) is located 12 kilometers (km) north-northeast of Korsakov (Figure 1).

The installation covers approximately 225 acres (not including the range it shares with Korsakov Army Barracks Shimba) and contains 2 administration buildings, 5 barracks, 12 large quarters-type housing units, approximately 20 small quarters-type housing units, 10 storage buildings, 3 vehicle sheds, 2 probable vehicle maintenance buildings, and 26 support buildings. It also contains an athletic field, a motor park, a driver-training circuit and a field-gun

battery (Figures 2 and 3).

The installation was covered on photography in [] and on [] missions of interpretable quality between []

[] An administration building, the driver-training circuit, and the automatic-weapons firing range were first observed on [] coverage. The size of the motor park doubled between []

[] The overall level of activity has been light to medium. Light to no activity was observed during periods of snow cover in []

DESCRIPTION OF INSTALLATION

Railroad Service

The Korsakov/Yuzhno-Sakhalinsk rail line is 1 km west.

Road Service

Secondary, probably all-weather roads connect the installation to the Korsakov/Yuzhno-Sakhalinsk highway.

Administration and Troop Housing Areas

Area D1 contains 12 large quarters-type housing units and approximately 20 small quarters-type housing units.

Area D2 contains 2 administration buildings, 5 barracks, 2 storage buildings, and 8 support buildings.

General Storage Areas

Area E1 is secured and contains 3 storage buildings.

Area E2 contains 5 storage buildings and 8 support buildings.

POL Storage Areas

Korsakov Petroleum Storage NW and Korsakov Petroleum Storage West UG are located 12 km south of the installation. Yuzhno-Sakhalinsk Petroleum Storage Listvenichnoye is located 14 km north.

Other Buildings

Nine support buildings are dispersed throughout the installation.

Equipment Storage/Maintenance Area

Area J is fenced and contains 3 vehicle sheds (165 by 55 feet), 2 probable vehicle maintenance buildings (160 by 55 feet and 150 by 70 feet), 1 motor park (600 by 240 feet), and 1 support building. Approximately 40 vehicles/pieces of equipment were observed in the area in [] Approximately 130 vehicles/pieces of equipment were observed in []

Athletic Field

Area K contains an athletic field.

Driver Training Area

Area M contains a wheeled/tracked driver-training circuit which was constructed between [REDACTED]. No training was observed during periods of snow cover. The overall level of activity was light.

Artillery Emplacements (Batteries)

Area Q contains a field-gun battery with 4 firing positions constructed prior to [REDACTED]. At least thirteen 4-position field-

gun batteries are located 13 km southeast of the installation. Occupancy cannot be determined on the available coverage.

Special Training Facilities

A possibly vehicle-mounted automatic-weapons firing range (not on sketch) is located 1 km northeast of the installation. The range, which is also used by Korsakov Army Barracks Shimba, consists of a static firing line with approximately 6 firing positions, 4 possible moving target runs, and 4 possible stationary targets. The maximum firing distance is 2,450 feet.
